PEACE OF MIND BEGINS WITH FIS

**Live Comfortably,
Grow Confidently**

At Furen International School (FIS), we understand that studying abroad is not just about school life—it's about living safely, comfortably, and with the support needed to thrive. That's why we provide school-sanctioned residences, operated by e-jia homestay, where students' wellbeing is closely monitored and nurtured.

With safety, care, and growth at the heart of everything we do, our comprehensive management system ensures students experience a secure and welcoming environment, while parents can have peace of mind knowing their children receive attentive, professional care.

We aim to create a home away from home, where students feel a sense of belonging, develop independence, and are fully supported both academically and personally.

Why Choose Us?

01

Direct Supervision from The School

At Furen, our school-sanctioned accommodation is operated by e-jia homestay, a professional accommodation service company, while we maintain full supervision and oversight. From room allocation and daily upkeep to addressing student concerns, we ensure unified standards and clear accountability, providing a safe and well-managed living environment that gives parents peace of mind.

02

Stress-Free Room Allocation

We assign rooms based on available vacancies, ensuring a fair and organized process. This helps every student enjoy a safe, stable, and well-managed living environment.

03

Cultivating Discipline, Nurturing Independence

We implement a set of thoughtfully structured measures, including a unified daily schedule, nighttime mobile phone restrictions, scheduled internet disconnection, and accommodation supervisor inspections, with the goal of helping students gradually build self-discipline, independence, and excellent study and life habits, laying a strong foundation for both personal and academic success.

04

Wide Selection of Accommodation Options

Currently, FIS endorses three accommodation options: Novotel, Jervois, and Dalvey. All our approved accommodation options adhere to the same standards for living standards, quality and safety ensuring a safe, comfortable, and study-friendly environment for students.

05

Supporting Students Academically, Practically, and Emotionally

The accommodation team works closely with the School's Form Teachers to support students' overall well-being by providing regular cleaning and maintenance, daily-life guidance, academic support, and psychological care. Through their dedicated efforts, our students can receive timely care and meaningful emotional support, even when away from home.

06

Safe and Seamless Commute

We provide school bus services that operate on fixed routes between the accommodation and campus, under school management with strict adherence to schedules. This ensures students travel safely and on time, minimizes commuting risks, and gives parents continuous peace of mind.

07

Comprehensive Facilities

The school-sanctioned accommodation options are well-equipped with essential communal and everyday living facilities, including self-study rooms, shared kitchens, laundry rooms, rest areas, and fitness facilities.

These amenities ensure that students are well supported in their academic pursuits, daily routines, and leisure activities.

08

Optimal Living Conditions

During enrolment, the residence management team reallocate available rooms as a top priority to ensure the safety and comfort of newly arrived students.
